Ceiling-mounted basin mixer sets

Water Evolution Flow / T1.678 and T1.678.XX / T1.42.E wall control

What comes in the set

Straight ceiling spout with a round ceiling plate.

Wall-mounted single-lever control and round trim.

One vertical-outlet concealed body of your choice.

Spout and control are supplied in one finish.

The control is shown enlarged in the gallery.

Choose the ceiling drop

Fixed length

T1.678

1,605 mm from ceiling to outlet.

View the fixed-length set

Custom length

T1.678.XX

Specify the finished drop, up to 2,000 mm.

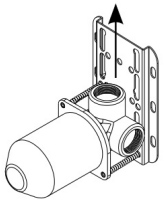

View the custom-length set

Both models have an 18 mm tube. The wall control has a 60 mm plate and a 42 mm control.

For a custom order, enter the distance from the finished ceiling to the outlet in millimetres.

Choose one concealed body

Both have one vertical outlet. Open the product links below for each body's first-fix information.
