BATHWORKS

WATER EVOLUTION / FLOW / T1.16

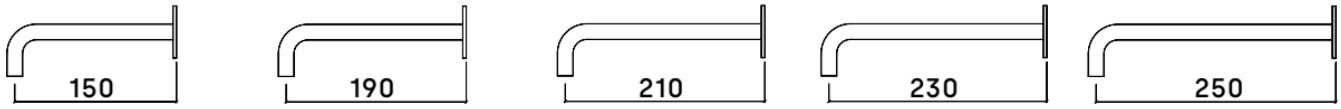

Two-hole wall mounted basin mixer

Each set includes a round-plate mixer control, matching wall spout and click-clack waste, plus one concealed body. Select the body before first fix and the spout to suit your basin.

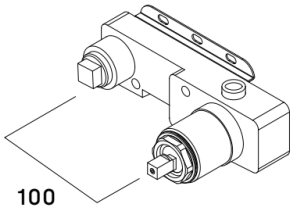

1. Choose the spout reach

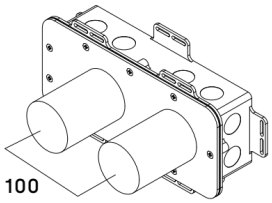

150, 190, 210, 230 or 250 mm. Measure from the finished wall to the centre of the outlet.

2. Choose one concealed body

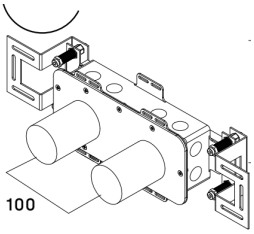

T0.16.I

Standard internal body with fixing plate

T0.16.BI

Internal body with ISOBOX

T0.16.EBI

Internal body with ISOBOX and adjustable plate

Selection guide. Source: Water Evolution 2026 catalogue. Refer to the selected body instructions for installation.
